

## EXTRA STRENGTH Probiotic

Spring Valley™ Extra Strength Probiotic supports a healthy balance of beneficial bacteria in the digestive system, promoting digestive and immune health.\* For maximum effectiveness, this product has been formulated with probiotic strains that are resistant to stomach acids.

- Formulated for daily use
- Particularly beneficial for adults 50+, as it helps replenish healthy bacteria which usually decline with age\*
- Provides 10 billion active cultures per capsule†
- Includes inulin prebiotic fibers that support the growth of good bacteria in the digestive system
- Contains 10 probiotic strains

### What Are Probiotics?

The human digestive system is home to trillions of bacteria that perform many helpful functions. However, the healthy balance of good bacteria can be disrupted by diet, travel or stress. Probiotics are beneficial bacteria that can help replenish and support a healthy balance. Probiotic strains are different types of bacteria, each of which may provide different health benefits.\*
