

Our Daily Probiotic 5 Billion, provides an effective dose of sixteen beneficial microbial strains to support intestinal and immune health.** Research indicates that our customized MICROBAC™ live transport system increases the stability and delivery of our probiotics 5-fold, resulting in 5 billion cells providing the colonization and activity of 25 billion cells.**

Lactobacillus and Bifidobacterium strains are used to support both small and large intestinal health. ** These are further enhanced with the addition of postbiotics, beneficial probiotic metabolites, the result of the controlled fermentation of good lactic acid bacteria and the proven prebiotic inulin.

- With prebiotics, probiotics, postbiotics, and enzymes
- Supports intestinal and immune health**
- Shelf-stable, no refrigeration needed

** This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

Contains **NO** added milk, egg, peanut, tree nut, fish, shellfish, soy, wheat, gluten or yeast ingredients.
