

CoQ-10

100 MG

MRM has developed an all natural **Pre-Emulsified Liposomal (PEL) delivery system** form of fermented Coenzyme Q10. The addition of **PEL** increases absorption of **CoQ-10** in the blood, so that mitochondrial (Electron Transport System) energy production of ATP is maximized.** **CoQ-10** is critical to the function of heart, liver and kidneys where it supports cell membrane stabilization and acts as an antioxidant, in addition to energy production.**

- **Supports Cardiovascular Health****
- **Promotes Healthy Immune System****
- **Secondary Role as an Antioxidant**
