

Directions: As a dietary supplement, take one capsule daily or as directed by a healthcare practitioner.

Bluebonnet's Super Fruit Vegetarian SOD 250 IU Cantaloupe Melon Fruit Extract Capsules provide the first orally effective, vegetarian form of superoxide dismutase (SOD) from cantaloupe melon in a gliadin complex, known as GliSODin®. SOD is considered the body's master cellular defense enzyme that helps neutralize the damaging effects of free radicals. Each capsule provides 250 mg of the SOD/Gliadin Complex, which delivers 250 IU of SOD. GliSODin® uses a proprietary process of integrating SOD with gliadin, a wheat protein fraction, to help protect SOD from degradation in the digestive tract. Available in easy-to-swallow vegetable capsules for maximum assimilation and absorption. ♦

Isocell SA, France is the owner of US Patent Nos. 6,045,809 and 6,426,068B1 and registered trademark of GliSODin®.
