

Everyone wants to "burn" body fat to show off their abs and defined muscles. Problem is, a defined physique with 6-pack abs isn't easy for most to obtain without strenuous workouts and strict dieting to "burn" calories which can also eat up hard-earned muscle...making you look small and flat. ThermoKal® is designed to not only increase your core temperature to "burn" more calories and help you lose stubborn body fat, but it also employs a powerful calorie partitioning agent to help your body shuttle dietary carbohydrates and fats where you want it (into muscle) and away from where you don't (fat), creating the ultimate weight-loss & muscle definition solution. ThermoKal is designed with the stimulant-sensitive in mind, utilizing a caffeine free solution to help you burn calories 24/7...morning, noon and night.*

- Increases core temperature for maximum calorie burn†
- Caffeine-free for use any time of day†
- Optimizes calorie partitioning to improve body composition & muscle definition†
- Powerful, long-lasting thermogenic†

WARNING: Not intended for use by persons under age 18. Do not exceed recommended dose. Do not consume with other stimulants or products containing stimulants. Consult with your physician prior to use if you are pregnant or nursing, or if you are taking medication, including but not limited to MAOI inhibitors, antidepressants, aspirin, nonsteroidal anti-inflammatory drugs or products containing phenylephrine, ephedrine, pseudoephedrine or other stimulants. Those who have or may have Ulcerative Colitis, Crohn's Disease, Diverticulosis, Diverticulitis, Irritable Bowel Syndrome, Ulcers, Peptic Ulcers and/or Gastroenteritis, should consult your physician prior to use. Consult your physician prior to use if you have a known medical condition. Discontinue use and call a physician or licensed qualified health care professional immediately if you experience any negative side effects, severe headache, or other unusual symptoms. The consumer assumes total liability of this product if used in a manner inconsistent with label guidelines. Store product at room temperature. Do not expose to excessive heat and moisture.
