

Now With Probiotics, Kefir & Enzymes

We crafted a potent blend of 16 different probiotics using a natural, patented MICROBAC™ live transport that helps support upper and lower intestinal health.** MICROBAC™ live transport increases delivery of probiotics 5-fold, resulting in 2 billion cells providing the colonization and activity of 10 billion cells.**Fermented milk (kefir), contains probiotic metabolites and enzymes that can help aid digestion and support immune health.** Our custom enzyme blend, **Digest-ALL® AP**, specifically helps breakdown whey protein into short chain peptides and amino acids for absorption and retention.**

Premium Protein Source

Our Whey Protein provides an optimal source of non-denatured protein by combining a low-temperature, ultrafiltered whey protein concentrate with cross flow microfiltered whey protein isolate. Combining these premium sources provides High Biological Value (HBV) proteins as they occur in nature, their biologically active state. Whey is also remarkably high in Branched Chain Amino Acids (BCAAs), the most important amino acids to help maintain lean muscle and recover from exercise.**

Added L-Glutamine

Our Whey Protein also contains one gram of added L-Glutamine and three grams naturally occurring glutamic acid per serving to decrease recovery time following exercise.**

Supports Immune Health

Specific proteins and peptides found in whey have shown an ability to support immune health.** Whey also contains high amounts of cysteine and other substrates used in the synthesis of Glutathione.** Glutathione is a major antioxidant and supports immune health and muscle recovery.**

NATURAL
WHEY PROTEIN
2 BILLION PROBIOTICS

18g Protein
7.7g BCAA+G

Antibiotic &
Hormone Free

With Probiotics,
Kefir & Enzymes

RICH VANILLA

NET WT 32.6 oz (2.03 lb) 923 g
DIETARY SUPPLEMENT

Directions: Add one level scoop (25.4 grams) to a 3-4 oz glass of water, milk, juice or blend with yogurt and fruit. When mixing, add liquid first, then powder and stir briskly until completely dispersed.
Low Carbohydrate Diet (Weight Management Program): Recommended 1 scoop daily for those trying to increase their dietary protein intake while decreasing intake of carbohydrates.

Ingredients: MRM Protein Blend [Ultrafiltered, Low Temperature Processed Whey Protein Concentrate (milk), Crossflow Microfiltered Whey Protein Isolate (milk), L-Glutamine, Fermented Milk Powder, Sunflower Lecithin, MICROBAC™ 16-Strain Blend & Digest-ALL® AP (Protease 6.0, Protease 4.5, Peptidase & Bromelain)], Natural Vanilla Flavor, Stevia Leaf Extract, Gum Blend (Konjac Gum, Guar Gum, and Tara Gum), Pure Ocean® Sea Salt and Monk Fruit Extract.

Typical Amino Acid Profile
Per 25.4g Scoop

Alanine	800mg
Arginine	400mg
Aspartic Acid	1910mg
Cysteine	220mg
Glutamic Acid	3000mg
L-Glutamine	1000mg
Glycine	400mg
Histidine	250mg
Isoleucine	1110mg
Leucine	1630mg
Lysine	1540mg
Methionine	330mg
Phenylalanine	530mg
Proline	1070mg
Serine	910mg
Threonine	1040mg
Tryptophan	380mg
Tyrosine	440mg
Valine	1040mg

Our Whey Protein contains the following supportive immunofactors:
48-52% beta-lactoglobulin
18-22% alpha-lactoglobulin
20-22% glyco-macro-peptide
2% immunoglobulins
0.5-1% lactoferrin

- No Aspartame, Acesulfame K or Sucralose
- ZERO Added Sugars
- No MSG

Contains milk.

Contains **NO** added egg, soy, peanut, tree nut, fish, shellfish, wheat, gluten or yeast ingredients.

This product is manufactured in a facility that processes other products that contain egg.
