

Directions: As a dietary supplement, take two softgels once daily, preferably with a meal or as directed by a healthcare practitioner.

Bluebonnet's Natural Omega-3 Brain Formula Softgels supply DHA and EPA in a ratio scientifically relevant for maintaining brain health. The fish oil used is derived from deep sea, cold water fish that has been molecularly distilled, and has been 3rd party tested by an independent, cGMP-registered laboratory using AOAC/AOCS methods for purity and potency. In addition, a more bioavailable/stable natural triglyceride form of fish oil is used instead of the common synthetic ethyl ester form. To ensure sustainability, an unrivaled surveillance system is employed to control minimum size and number of juvenile fish caught. Available in easy-to-swallow softgels for maximum assimilation and absorption.♦
