

Since 1972

SUPER ANTIOXIDANT

Alpha Lipoic Acid, Tocotrienols, Lycopene

Dietary Supplement

60 CAPSULES

Super Antioxidant provides tocotrienols, rose hips, lycopene (carotenoid), silymarin, and curcumin for super antioxidant protection at the cellular level. Studies show tocotrienols have greater antioxidant activity in certain fatty cell membranes and in areas of the brain and heart. Alpha lipoic acid is fat and water soluble, allowing movement in and out of cell structures, and interacts with vitamin C and E to enhance free radical scavenging. Lycopene is the carotenoid most often linked with prostate health, and is also a powerful antioxidant.

RECOMMENDATION

Take one capsule with a meal twice daily.
