ESSENTIAL™

2000 IU VITAMIN D3
ULTRA-HIGH POTENCY • ONE CAPSULE DAILY
MORE THAN 25 ESSENTIAL NUTRIENTS
ALWAYS GENTLE • EASY-TO-SWALLOW

400 Easy-to-Swallow Capsules

Andrew Lessman's Special Formula ESSENTIAL ONE is an alternative to the low potency, artificial colors, additives and digestive problems experienced with typical store-bought daily multivitamins. Of course, no single capsule can offer all the potency required by the science; however, no formula delivers more than **Essential One** while also remaining 100% pure, easy-to-swallow and gentle to even sensitive stomachs. This special formula of **Essential One** delivers 2,000 IU of all-important Vitamin D3 for those seeking higher levels of this key nutrient. It also provides far higher levels of key nutrients than the leading formulas, such as high potencies of all the B-Complex vitamins, including 250 mcg of our unique absorption-protected Methylcobalamin (Natural Coenzyme Vitamin B12) and 500 mcg of Biotin, along with 1,000 mcg of both Lutein and Lycopene; plus, 500 mcg of costly Zeaxanthin and 30 mg of the most protective form of Vitamin E – Gamma Tocopherol. These nutrients are not present in most multivitamins at any price. **Essential One** offers all the convenience of a one-per-day multivitamin, but with greater purity, higher potency and a superior complement of more than two dozen nutrients. Best of all, **Essential One** comes in a small, soft, easy-to-swallow capsule that ensures easy absorption without stomach upset.
