

Bluebonnet

ORGANIC GREENS

SUPER EARTH

Wheatgrass • Green Kamut
Barley Grass • Alfalfa Grass
Spirulina • Chlorella

DIETARY SUPPLEMENT • EASY-TO-MIX POWDER

NET WT 14.8 OZ (420 g)

Directions: As a dietary supplement, add one scoop (7 grams) daily to 8 fl oz of water, juice, apple, orange or tomato or your favorite smoothie and mix or shake until smooth. For best results, liquid should be very cold. Mixes instantly without the use of a blender.

Bluebonnet's Super Earth® OrganicGreens is a perfect blend of energizing greens that combines powerful whole food nutrients from 100% organic-certified wheatgrass, barley grass, alfalfa grass and green kamut, as well as spirulina and broken cell wall chlorella with no added colors, sweeteners or flavors. We searched the world to find where climate, temperature and glacial soil or water converge to provide organic greens naturally loaded with powerful phytonutrients and a wide array of vitamins, minerals, fiber and more. Bluebonnet's Super Earth® OrganicGreens is the perfect addition to any healthy diet, providing the opportunity to meet the recommended five servings per day of fruits and vegetables in one delicious scoop. •

Wholesome grasses, such as wheatgrass, barley grass, alfalfa grass and green kamut, plus spirulina and chlorella are some of the most nutrient-dense foods in the world. Each organic grass in this formula is cultivated without chemical fertilizers or pesticides. Plus, these super green foods are grown organically, harvested at their nutritional peak, immediately juiced and dried at low temperatures. This farm-to-table process is important because it preserves the inherent chlorophyll and trace minerals responsible for the detoxifying and cleansing properties of these super foods. The organic greens in this formula are involved in important cellular functions, such as restoring alkalinity, enhancing liver detoxification, and providing key phytonutrients the body needs to remove destructive toxins. While these revitalizing and reinvigorating processes help to promote energy levels, this unique blend of USDA-approved organic grasses along with organic spirulina & chlorella also provide fiber and protein to help support a healthy digestive tract. •

Bluebonnet's Super Earth® OrganicGreens provide a whole food blend of crucial vitamins, minerals and other powerful phytonutrients like chlorophyll to deliver the foundational nutrition your body craves to help:

- Detoxify & Cleanse •
- Balance Body Alkalinity/pH •
- Promote Energy Levels & Immune Health •
- Restore Digestive Health •
