

DIRECTIONS: As a dietary supplement, take two scoops (30 g) daily or as directed by a healthcare practitioner. May be sprinkled on cereals, salads or incorporated into stews, soups, sauces, gravies, juices or baked goods. Mixes instantly without the use of a blender. **Scoop is enclosed.**

Bluebonnet's Super Earth® Brewer's Yeast Powder provides a select strain of *Saccharomyces cerevisiae* that is carefully grown on sugar beet molasses instead of the typical grain-derived brewer's yeast that is recovered from the beer-brewing process. Grain-derived brewer's yeast tends to be particularly bitter in taste due to the nature of the grains used, such as barley and hops. Bluebonnet's Non-GMO Project Verified, premium brewer's yeast provides a toasted, non-bitter, savory flavor without any artificial sweeteners, colors, or flavors and can be incorporated into any recipe to improve texture and nutritional value. It provides a natural, vegan source of high-quality protein that not only encompasses all of the essential amino acids, but also dietary fiber and a wide array of vitamins, such as most of the B vitamins including folate, as well as macro and trace minerals, such as calcium, magnesium, potassium, copper, chromium, selenium and zinc. Bluebonnet's Super Earth® Brewer's Yeast Powder is the perfect whole food addition to any healthy diet, providing the opportunity for complete and balanced nutrition. Available in easy-to-mix powder for maximum assimilation and absorption.

Bluebonnet's KOF-K Certification #K-0000700

TYPICAL AMINO ACID PROFILE PER SERVING
Values are based on amino acid milligram percentages per 14 grams of protein in a single serving of Bluebonnet's Super Earth® Brewer's Yeast Powder.

Amino Acid	% Total Protein*	mg*
Alanine	8.4%	1178
Arginine	5.7%	798
Aspartic Acid	11.4%	1596
Cysteine/Cystine	3.7%	518
Glutamic Acid	18.9%	2646
Glycine	5.5%	770
Histidine	5.1%	714
Isoleucine**	5.7%	798
Leucine**	8.4%	1178
Lysine	9.6%	1344
Methionine	1.4%	196
Phenylalanine	5.1%	714
Proline	4.3%	602
Serine	5.5%	770
Threonine	5.7%	798
Tryptophan	1.2%	168
Tyrosine	3.5%	490
Valine**	6.7%	938

*Values are based on a calculation of 14 grams of protein from Brewer's Yeast Powder.
** Branched Chain Amino Acids
