

Directions: Take one softgel daily or as directed by your healthcare practitioner.

D3-2000™ is a natural, soy-free, bio-identical vitamin D supplement. Vitamin D, considered both a hormone and a vitamin, is manufactured in response to skin's exposure to sunlight and is essential to the body's absorption of calcium. Natural vitamin D3 (cholecalciferol) is four times more potent than synthetic vitamin D2.* In Latin, calciferol means "calcium carrier". Strong evidence suggests that vitamin D intakes well above current recommendations are beneficial and when combined with calcium, have a significant impact on overall bone health.* Additionally, vitamin D has been the subject of numerous studies for its effect on the immune system by promoting phagocytosis and immunomodulatory functions.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

CAUTION: Keep out of reach of children.

STORAGE: Keep tightly closed in a cool, dry place.

CONTAINS NO: Yeast, wheat, gluten, corn, soy, milk, egg, fish, shellfish or tree nuts.
