

Directions: Take one scoop (6.98 g) mixed in 2–4 ounces of water one to three times daily, or as directed by your healthcare practitioner.

GlutaMed Rx™ is a pleasant tasting formula that provides support for a healthy intestinal lining and optimal gastrointestinal function.* A healthy intestinal lining is essential for digestion, liver function and immune function.* This formula has been specifically developed with high levels of the amino acid glutamine, which serves as a fuel source and a precursor for growth of the rapidly dividing cells of the GI mucosal lining.* Arabinogalactan is a naturally occurring polysaccharide that provides excellent support for GI health.* The aloe in this formula is specially processed to remove the bitter principles and prevent any laxative effect.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Contents sold by weight, not volume. Some settling may occur during shipping and handling. The amount of product contained in 1 scoop may be above or below 6.98 grams due to variations in handling and product density.

This Formula Meets or Exceeds cGMP Quality Standards.
