

Directions: As a dietary supplement, add one scoop (6.6 g) to 8 fl oz of water, juice or sports drink and mix or shake until smooth. Mixes instantly without the use of a blender.

Bluebonnet's Beautiful Ally™ Collagen Powder is specially formulated with collagen peptides types I + III, key structural components for lustrous hair, firm skin and durable nails. During the aging process, collagen levels deplete in the body, resulting in connective tissue degradation, which manifests as wrinkles, thinning cartilage, and brittle hair. Collagen peptides help to replenish the nutrients lost over time, boosting collagen production while reducing its breakdown thereby enhancing the skin's hydration and natural elasticity while counteracting visible signs of aging. This neutral-tasting powder can be added to any beverage without affecting its flavor profile and is hydrolyzed for maximum assimilation and absorption.♦
