

High Dose PRPs for Acute Support*

Gluten Support GS TheraPRP™

12% PRPs | 22% IgG

30 servings | 300 grams @ gluten free
PROFESSIONAL USE ONLY | DIETARY SUPPLEMENT

Directions: Mix 1 scoop (10 grams) in unchlorinated water twice daily or as directed by your healthcare practitioner. **Important:** Continue taking one scoop (10 grams) of GS GI Restore™ daily while taking GS TheraPRP™.

GS TheraPRP™ is a targeted immune support formula developed by Dr. Andrew Koech, the world's leading expert in colostrum, produced using a unique patented extraction process. GS TheraPRP™ contains a minimum of 12% Proline-Rich Polypeptides (PRPs), colostrum's most important component, 22% Immunoglobulins (IgG) and 1.5% Lactoferrin. (US Patent No 7,547,770).

Numerous scientific studies have shown that colostrum supports the human immune and cytokine systems. Bovine colostrum is actually 40 times richer in immune factors than human colostrum and is biologically transferable to humans.* GS TheraPRP™ is a natural supplement that provides a rich source of IgG and PRPs (Proline-rich Polypeptides). It also supplies protein, immune factors, growth factors, vitamins and minerals to support health and vitality, naturally.

GS TheraPRP™ is non-GMO and laboratory tested to assure it is antibiotic-free and rBST-free. This formula is low-heat processed to provide the highest quality and efficacy.*
