

Directions: Take four capsules daily or as directed by your healthcare practitioner.

HM Protect™ is an exceptional formulation of antioxidants, minerals and nutrients designed to support a healthy response to environmental heavy metal toxicity.* Key ingredients have been included for their protective role in supporting the metabolism and detoxification of common heavy metals.*

Cilantro and chlorella support the body's normal processes for responding to environmental heavy metal exposure.* Zinc aids in protecting the kidneys by increasing the production of the cysteine-rich metallothionein proteins.* NAC (n-acetyl-l-cysteine) offers protection for liver detoxification and enhances tissue levels of glutathione.* It has also been shown to aid in urinary excretion of methylmercury.* Additionally, recent research highlights the promising effects of L-methionine in protecting against the toxic effects induced by methylmercury.* Alpha-lipoic acid has been included for its potential to help regulate heavy metal induced oxidative stress and to support biliary excretion of inorganic mercury.*

*These statements have not been evaluated by the Food and Drug Administration.
This product is not intended to diagnose, treat, cure or prevent any disease.

Caution: Keep out of reach of children.

Storage: Keep tightly closed in a cool, dry place.

This Formula Meets or Exceeds cGMP Quality Standards.
