

Adaptogen Glutamine (AjiPure®) comprises the world's highest purity fermented plant-based L-Glutamine available on the global market. AjiPure® amino acids stand for purity, quality, and safety. Ajinomoto® is the global leader in research and production of amino acids since 1909, and is the leading manufacturer to produce cGMP, pharmaceutical grade amino acids. AjiPure® is a registered trademark of AJINOMOTO® CO., INC.

Glutamine is the most common amino acid found in your muscles. Over 61% of skeletal muscle is Glutamine. Glutamine consists of 19% nitrogen, making it the primary transporter of nitrogen into your muscle cells.

Glutamine plays a key role in protein synthesis. Studies have shown that Glutamine supplementation can minimize breakdown of muscle and improve protein metabolism.[†]

WARNINGS: This product is only intended to be consumed by healthy adults 18 years of age or older. Pregnant or nursing women should not use this product. Discontinue use and immediately consult your health care professional if you experience any adverse reaction to this product. Do not exceed recommended serving. Do not use if safety seal is broken or missing. KEEP OUT OF REACH OF CHILDREN.
