

INTRA-AMINO™ is a powerful advanced workout tool that is scientifically engineered to promote increased recovery, muscle growth and overall performance.

INTRA-AMINO™ uses an optimal 2:1:1 blend of pharmaceutical-grade BCAAs (L-Leucine, L-Isoleucine, L-Valine) that is made using vegetable-based fermentation, Instantized through a proprietary process to dissolve fast for easier use and quicker absorption unlike traditional BCAAs.

In addition to that, our scientific team added Key amino acids and B vitamins which resulted in a perfect performance and recovery drink with an unbelievable refreshing fruity flavor.[†]
