ADVANCED DELIVERY, INCREDIBLE TASTE.

TastyWhey™ *DeLuxe* is 100% whey protein product, which use a state-of-the-art ***"Cold Processed Technology"*** technique combining three of the best proteins available on the market.

TastyWhey™ *DeLuxe* delivers 25g of protein, including 5.5g of BCAA and 4,150mg of Glutamine naturally occurring in each serving, is also low in fat and sodium. This makes it a perfect source of whey protein to include with exercise and proper diet, for those looking to reduce body fat levels but increase lean mass.

THE RAW PROCESSING DIFFERENCE

When whey protein is low-temperature-processed (cold processed) it retains many of its fragile immune factors and nutrients leaving it loaded with the ideal blend of easily absorbed amino acids, beneficial immune factors and metabolism-boosting peptides, along with potent vitamins and alkaline minerals. Most commercial whey powders are high-heat-treated, acid-flushed, and stripped of vital nutrients, creating an imbalanced, acidic "whey product".

BEST PROTEIN AVAILABLE ON THE MARKET TODAY

Our Cold processed Instantized Whey Protein blend provides only the richest source of protein having the highest biological value (BV), which means more protein is absorbed by your body rapidly.

TastyWhey™ *DeLuxe* is manufactured using the most advanced processing practice which ensures its quality and protein quality by weight.

Our philosophy is to produce the highest quality and best tasting products available on the market!

We guarantee 100% that what is on the label is in the product.

USAGE & DIRECTIONS

Add one heaping scoop to 8oz (240ml) of water or any other drink. Pure and instantized! So advanced, you can take any time of the day. It is highly recommended to take one serving right after a physical activity.

2-3x

Consume approximately 1 gram of protein per pound of body weight through a combination of high protein foods and protein supplements. For the best results, consume your daily protein allotment over several small meals spread evenly throughout the day.
