

Directions: As a dietary supplement, take two capsules once daily or as directed by a healthcare practitioner.

Bluebonnet's Super Fruit Cherry Fruit Extract Capsules combine three species of cherries [Tart Cherry (*Prunus cerasus*), Sweet Cherry (*Prunus avium*) and Black Cherry (*Prunus serotina*)] in one proprietary blend. Additionally, unlike other cherry fruit extracts, this unique blend has been freeze-dried at low temperatures to retain cellular integrity, shape, natural color and nutritional profile. The naturally occurring flavonoids – including anthocyanins – help to support joint health and protect against the damaging effects of free radicals. Available in easy-to-swallow vegetable capsules for maximum assimilation and absorption. □
