

Suggested usage: 1-2 capsules 2 times per day or as directed by a health professional. Supports the body's natural inflammatory response.*

Caution: As with any supplement, consult your health professional before use if you are pregnant, breastfeeding, or trying to conceive, or if you are taking medication, have a medical condition, or anticipate a surgery. Keep out of the reach of children.

Curcumin is the yellow pigment in turmeric with many valued health benefits, but it is difficult for the body to absorb. Theracurmin is a natural curcumin preparation that utilizes advanced techniques to reduce curcumin's particle size, dramatically increasing its solubility and bioavailability. Detailed absorption studies have proven that Theracurmin is the best-absorbed form of curcumin on the market.¹

Manufactured by Natural Factors to ensure safety and potency in accordance with Good Manufacturing Practices (GMP) of the FDA and Health Canada.
Contains no artificial colors, preservatives, or sweeteners; no dairy, starch, sugar, wheat, gluten, yeast, soy, egg, fish, shellfish, animal products, seal, tree nuts, or GMOs. Suitable for vegetarian/vegan. Sealed for your protection. Do not use if seal is broken. For freshness, store in a cool, dry place.

* This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

¹Scientific scrutiny revealed that Theracurmin was more bioavailable on a milligram-to-milligram basis than other leading enhanced and regular forms of curcumin.

²As measured by HPLC 2014 data.

The science of absorption

Bioavailability Comparison of Curcumin*

Comparison conducted using leading brands of enhanced and regular forms of curcumin

A major breakthrough in curcumin absorption!

It's not how much you take,
it's how much you absorb!

Joint Curcuminizer™

HIGH ABSORPTION CURCUMIN

WITH WHITE WILLOW & DEVIL'S CLAW

60 Vegetarian Capsules

HEALTHY JOINT FUNCTION*

Supplement Facts

Serving Size 2 Vegetarian Capsules
 Servings Per Container 30

	Amount Per Serving	% Daily Value
White Willow Extract (Salix alba) (bark)	400 mg	**
Salicin (15%)	60 mg	**
Devil's Claw Extract 1:8.1 (Harpagophytum procumbens) (root)	400 mg	**
Theracurmin® Curcumin Extract from Turmeric (Curcuma longa) (root)	60 mg	**
Highly bioavailable form of curcumin – the most active curcuminoid in turmeric		
Boswellia Extract (Boswellia serrata) (gum)	150 mg	**
Boswellic Acid (60%)	90 mg	**
Ultra Fruit Polyphenol Complex (blueberry, bilberry, cranberry, grape, pomegranate, raspberry, strawberry)	100 mg	**
* Daily Value not established.		

Other ingredients: Vegetarian capsule (cellulose, gum [gelatin], purified water), microcrystalline cellulose, croscarmellose sodium, silica, magnesium stearate (vegetable grade).

1 ABSORBED form of Curcumin

When consumed with the absorption (bioavailability) of regular curcumin is quite poor. The reason is that curcumin is relatively insoluble in water and is rapidly transformed and excreted from the body. Poor absorption has been a reason why not all clinical studies have shown regular curcumin to be effective, even when extremely large doses were given.

But CurcuminRich contains Theracurmin – a natural preparation that utilizes advanced techniques to reduce the particle size of curcumin within a vegetable gum (from chitosan) to dramatically increase its solubility and bioavailability. Detailed absorption studies have proven that Theracurmin is the best-absorbed form of curcumin on the market.¹ This improved absorption with Theracurmin is extremely important in getting the health benefits curcumin provides.

A major breakthrough in curcumin absorption!

It's not how much you take,
it's how much you absorb!

Theracurmin represents a major scientific breakthrough and is the #1 absorbed form of curcumin.¹ Finally the powerful health benefits of curcumin can be fully realized!

Joint Curcuminizer combines Theracurmin with supercharged supplement extracts – white willow, devil's claw, boswellia, and Ultra Fruit Polyphenol Complex to:

- Support joint health and function*
- Support the body's natural inflammatory response*
- Promote heart and vascular health*
- Exert powerful antioxidant activity*

¹Scientific scrutiny revealed that Theracurmin was more bioavailable on a milligram-to-milligram basis than other leading enhanced and regular forms of curcumin.

²As measured by HPLC 2014 data.

³Bioavailability comparison of curcumin from two published studies showing blood levels of curcumin over a 12-hour period remain at the same dosage level.
