

Suggested usage: 1 softgel 1–2 times per day or as directed by a health professional. Supports and promotes cardiovascular health.*

Cautions: As with any supplement, consult your health professional before use if you are pregnant, breastfeeding, or trying to conceive, or if you are taking medication, have a medical condition, or anticipate a surgery. Keep out of the reach of children. Curcumin is the yellow pigment in turmeric with many valued health benefits, but it is difficult for the body to absorb. Theracurmin is a natural curcumin preparation that utilizes advanced techniques to reduce curcumin's particle size, dramatically increasing its stability and bioavailability. Detailed absorption studies have proven that Theracurmin is the best-absorbed form of curcumin on the market.*

Manufactured by Natural Factors to ensure safety and potency in accordance with Good Manufacturing Practices (GMP) of the FDA and Health Canada.

Contains no artificial colors, preservatives, or sweeteners; no dairy, starch, sugar, wheat, gluten, yeast, soy, eggs, shellfish, salt, tree nuts, or GMOs. Sealed for your protection. Do not use if seal is broken, frozen, or if glass is cracked.

*This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

Scientific studies revealed that Theracurmin was more bioavailable on a milligram-to-milligram basis than other leading enhanced and regular forms of curcumin.

*As measured by SPNS 214 data.

Cardio Curcuminizer™

HIGH ABSORPTION CURCUMIN

WITH 630 mg OMEGA-3
EPA 400 mg / DHA 200 mg
60 Softgels

HEALTHY HEART FUNCTION*

Supplement Facts

Serving Size 1 Softgel

	Amount Per Serving	% Daily Value
Calories	10	
Total Fat	1 g	1%†
Cholesterol	5 mg	2%†
Pharmaceutical Grade Fish Oil Concentrate (molecularly distilled, ultra purified (anchovy, sardine, and/or mackerel))	1170 mg	**
Omega-3 Fatty Acids	630 mg	**
Eicosapentaenoic Acid (EPA)†	400 mg	**
Docosahexaenoic Acid (DHA)†	200 mg	**
Theracurmin® Curcumin Extract from Turmeric (Curcuma longa) (root)	30 mg	**

† Percent Daily Values are based on a 2,000 calorie diet.
* Highly bioavailable form of curcumin – the most active curcuminoid in turmeric (EthyI ester form).

Other ingredients: Softgel gelatin, glycerin, purified water, carotol, yellow beeswax, organic flaxseed oil, non-GMO sunflower lecithin.

Contains fish.

1 ABSORBED form of Curcumin

When consumed orally, the absorption (bioavailability) of regular curcumin is quite poor. The reason is that curcumin is relatively insoluble in water and is rapidly transformed and excreted from the body. After absorption has been a reason why not all clinical studies have shown regular curcumin to be effective, even when extremely large doses were given.

But CurcuminRich contains Theracurmin – a natural preparation that utilizes advanced techniques to reduce the particle size of curcumin within a vegetable gum (gum ghatti) to dramatically increase its stability and bioavailability. Detailed absorption studies have proven that Theracurmin is the best-absorbed form of curcumin on the market.* This improved absorption with Theracurmin is extremely important in getting the health benefits curcumin provides.

A major breakthrough in curcumin absorption!

It's not how much you take,
it's how much you absorb!

Theracurmin represents a major scientific breakthrough and is the #1 absorbed form of curcumin.* Finally the powerful health benefits of curcumin can be fully realized!

Cardio Curcuminizer combines the benefits of Theracurmin with a high quality fish oil to:

- Promote heart and vascular health
- Support joint health, comfort, and function*
- Support the body's natural inflammatory response*
- Exert powerful antioxidant activity*

Scientific scrutiny revealed that Theracurmin was more bioavailable on a milligram-to-milligram basis than other leading enhanced and regular forms of curcumin.

*As measured by SPNS 214 data.

*Bioavailability comparison of curcumin from two published studies showing blood levels of curcumin over a 1.5 hour period normalized at the same dose level.
