

Perluxe® is a clinically studied and patented hops extract that is standardized to contain 30% alpha acids, the active compounds that have shown great promise in relieving pain from overexertion.\*

In a randomized, double-blind, placebo-controlled human study, Perluxe hops extract showed positive improvements in minor pain within just two hours of the first serving.\*

100% Vegetarian – no artificial colors or flavors.

As with any dietary supplement, consult your healthcare practitioner before using this product, especially if you are pregnant, nursing, have existing medical conditions or are taking prescription medications.
