DIETARY SUPPLEMENT

NET. WT. 1.16 oz (33 g)

INSTANTIZED POWDER

DIRECTIONS: As a dietary supplement, add one packet (33 g) to 8 fl oz of water or milk (dairy, almond, oat, rice or soy) and mix or shake until smooth. For best results, liquid should be very cold. Mixes instantly without the use of a blender. For EXTREME results, take approximately 30 minutes after workout.

EXTREME EDGE® WHEY PROTEIN ISOLATE is designed to be one of the cleanest, purest and most natural whey protein isolate protein powders ever created. After an intense workout, your body needs high-quality protein to support muscle growth and development, as well as rapid muscle repair so that you can work out the next day with the same innate power and strength as the day before. Whey protein isolate has the highest biological value of any protein source on the market and is fast-acting – meaning its amino acids are quickly and easily broken down in the body for immediate use for bigger and more intense gains. Use it once, and you will never train without it again! •

KEY FEATURES

- ✓ Provides the highest biological value (159) of any other protein source
- ✓ Derived from free-roaming, grass-fed cows not treated with rBGH/antibiotics †
- ✓ Free of artificially-derived colors, flavors, and sweeteners
- ✓ Microfiltered
- ✓ 98% Lactose-Free

NSF

Certified for Sport*

Tested • Certified • Safer™ with NSF Certified for Sport®
Product tested for 200+ banned substances
Product checked against sports prohibitive lists
(NFL, MLB). More info at www.nsf.org

† The Federal Government has determined there is no significant compositional difference in the milk or milk by-products from rBST or rBGH treated and untreated cows.
