

Complete H₂O Minerals

Sulfur is the key element for fast healing wounds. Sulfur supports already healthy blood vessels, bones, gums, teeth, and body cells. Sulfur is an important role in carbohydrate metabolism.

Mixing Instructions: Mix with 8 to 10 ounces of juice or water.

In processing, FDA & GMP guidelines are observed and strictly followed.

Disclaimer: These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, prevent or cure any disease.
