

High Energy Formula

- Boost energy and stamina
- Support circulatory health
- Improve exercise performance
- Boost immunity
- Cleanse harmful toxins
- Enhance sexual function
- Reduce muscle fatigue and promote muscle growth

Arginine is believed to play a beneficial role in reducing circulatory related challenges and reducing inflammation related to cardiovascular diseases.

L-Arginine is considered an essential, non-essential and semi-essential amino acid and is an important ingredient in the production of Nitric Oxide and Human Growth Hormone. It also helps to make important compounds in the body such as creatine, L-Glutamate, and L-Proline. It provides optimal circulatory health through increased blood flow and enhances sexual function.

Arginine Fusion™ is a great-tasting, pH balanced, sugar-free drink designed to provide all the key nutrients to stimulate circulation, support cellular metabolism, growth, and healing.

Before taking this product, pause for a moment and “Give God the Glory For Your Health”. Thank Him for what you want the nutrients to do for you and “Feel The Difference”.
