

A Supercritical New Chapter In Prostate Health
New Chapter's Prostate 5LX formulation represents a scientific breakthrough in herbal 5-lipoxygenase (5-LO) modulation and prostate health.* Recent scientific studies, including one published in the *Proceedings of the National Academy of Sciences*, suggest that modulating an enzyme known as 5-lipoxygenase may be an effective way to promote normal cell activity and vitality in the prostate gland and thus significantly support prostate health.*
 For optimal multi-vitamin and mineral support, we recommend **New Chapter Organics® Every Man® II Probiotic Nutrients™** made with organic ingredients.

New Chapter's Supercritical Herbal Extracts

"Supercritical" means Super Purity, Super Potency, Broad Spectrum, and No Chemical Solvents. We take nature's finest herbs and then extract and highly concentrate (as high as 250 to 1) their precious, full spectrum ingredients. We do not isolate single ingredients or spike our extracts with synthesized additives. We deliver the wisdom of nature with the complexity and organic nuances of the natural herb preserved for you. In fact, the supercritical process is the gentlest way to extract these delicate plant compounds in a manner to optimally preserve their potency and stability. And when you take **New Chapter's** supercritical extracts, neither you, nor the environment, have to contend with chemical solvents.

New Chapter has extensively researched the herbal pharmacopoeia and international medical databases and discovered that the following time-tested herbs, properly extracted and blended in the correct proportions, safely modulate 5-LO and promote prostate health.*

SAW PALMETTO Most researched, effective herb for prostate health in its purest, solvent-free supercritical extract form.*

GREEN TEA Offers 51 inflammation modulating phytonutrients, with critical anti-aging and prostate-specific health benefits.*

STINGING NETTLE Two extracts provide the fullest spectrum of inflammation modulating prostate-specific phytonutrients, with demonstrated clinical benefit in conjunction with saw palmetto.*

GINGER According to the USDA and major university phytochemical databases, this is nature's richest herbal source of 5-LO modulators (24 phytonutrient modulators).*

SELENIUM Probiotic Nutrients Trace nutrient critical to tissue detoxification and long term prostate health.*

ROSEMARY Contains numerous anti-aging constituents and significant 5-LO modulators.*

Plus pumpkin seed oil and extra virgin olive oil, which have numerous prostate health benefits and multiple 5-LO modulators.*

Our premium softgel capsules are prepared without any chemical solvents and are prion free.

Notice: The National Institute on Aging recommends that men get regular medical checkups with a thorough prostate exam. As with any dietary or herbal supplement, you should advise your healthcare practitioner of the use of this product.
