Strength, Endurance • Neural Energy • Cardiovascular Dilation
• Anabolic Solidification • Endocrine Ignition

Super-Set Formula

BULLNOX™ is engineered to maximize training-induced muscular adaptations when partnered with new BULLRUSH™, the world's first and leading recuperator! Use BULLRUSH™ during and/or after workouts to replace cellular substrates, compress recovery time and grow faster!†

Feed the new BULLNOX™ Super-Set formula working set by set! Its ingredients were chosen on the basis of their potential to support:

- Immediate "Neural Energy": Feel BULLNOX™ working by the first set!†
- Unbeatable "Strength-Endurance": Lift more weight for more reps without "gassing"†
- "Cardiovascular Dilation": Watch your tissues expand as you train!†
- "Endocrine Ignition": Without the risk of hormonal side effects.†
- "Anabolic Solidification": Make sure every second of training yields solid muscle gain!†

WARNINGS: Not intended for use by persons under age 18. Do not exceed recommended dose. Do not use if pregnant or nursing. Do not consume sympathomimetic or caffeine from other sources, including but not limited to, coffee, tea, soda and other dietary supplements or medications containing phenylephrine or caffeine. Do not use for more than 8 weeks. Consult with your physician prior to use if you are taking medication, including but not limited to MAO inhibitors, antidepressants, aspirin, nonsteroidal anti-inflammatory drugs or products containing epinephrine, pseudoephedrine, or other stimulants. Consult your physician prior to use if you have a medical condition, including but not limited to, heart, liver, kidney, or thyroid disease, psychiatric or epileptic disorders, difficulty urinating, diabetes, high blood pressure, cardiac arrhythmia, recurrent headaches, enlarged prostate or glaucoma. Discontinue 2 weeks prior to surgery or if you experience rapid heart beat, dizziness, severe headache or shortness of breath.

New BULLNOX™ is the world's first Pre-Workout Neuroendocrine & Nitric Oxide (NOX) intensifying drink mix with a "Super-Set" formula whose effects are intended to change with each set that you perform.†

Your neural, endocrine and NOX systems work together to regulate the output of androgens such as testosterone. Each system can be severely taxed by chronic, fatiguing exercise. In turn, this can stifle the muscle-building potency of your pumps. Like a whiplash the desert sand, delicious new BULLNOX™ excites a 3-part neural, endocrine and NOX "Andorush" that is unlike anything you have ever experienced before. Through the power of BULLNOX™, every muscle now has the potential to pump up larger and its strength last longer than would otherwise be possible.†

Net WT. 22.33 oz (633 g)

NUTRITIONAL FACTS

Serving Size: 1 Scoop (18.1 g)	Serving per Container: 35
Amount per serving	% Daily Value*
Calories 50	
Total Carbohydrate	11 g 4%
Sugars	0 g
Magnesium (as magnesium oxide)	120 mg 30%
& zinc magnesium aspartate (ZMA™)	
Zinc (as zinc oxide & zinc magnesium aspartate) (ZMA™)	20 mg 147%
Sodium (herbal)	10 mg <1%
Potassium	50 mg <2%
(as potassium citrate & potassium glycerophosphate)	
BULLNOX™ Pre-Workout Formula	18,100 mg **
Strength-Endurance	
Glucose Polymers, L-Taurine, Beta-Alanine, Di-Creatine Malate, Creatine Ethyl Ester HCl, Creatine Monohydrate, Medium-Chain Triglycerides (MCT), Co-enzyme Q10	
Neural Energy	
Guarondactone, Anhydrous Caffeine, N-Acetyl-L-Tyrosine, Guarana (Paulinia cupana) (seed) (std. to 22% caffeine), Theobromine (Theobroma cacao) (seed), Chocamine® (Theobroma cacao) (seed), Citrus aurantium extract (std. to 30% synephrines) (fruit)	
Cardiovascular Dilation	
L-Glutamine, L-Tyrosine AKG™, L-Histidine, L-Arginine Alpha Ketoglutarate (AKG), L-Arginine HCl, Creatine AKG™	
Anabolic Solidification	
L-Glutamine, Nitroated Branched-Chain Amino Acids (BCAA): L-Valine, Nitrate, L-Isoleucine, Nitrate, L-Leucine, Nitrate, Potassium Citrate, Potassium Glycero-phosphate, Aspartic Acid	
Endocrine Ignition	
Zinc Oxide, Maca Extract 4:1 (Lipidium mayenii) (root), Tribulus terrestris extract (std. to 40% saponins) (seed), Zinc Magnesium Aspartate (ZMA™), Xanthoxanthin, scabiosa extract 4:1 (bark), Horny Goat Weed extract (Epimedium sagittatum) (std. to 40% icaridine), Dodder seed extract (std. to 4% flavonoids), Cnidium monnardi extract 4:1	
Pre-Launch	
Biopiptone® Black Pepper extract	

* Percent Daily Values are based on a 2,000 calorie diet.
** Daily Value not established.
*** Alpha Ketoglutarate

Other Ingredients: Citric Acid, Natural and nature's equivalent flavors, sucralose, artificial color (may contain red #40, yellow #6, yellow #5 (tartrazine), blue #1 and blue #2), silicon dioxide.

RECOMMENDED DOSAGE

Beginning Bodybuilding Athletes (up to 1 yr of resistance exercise performed at least 3 times weekly): As a dietary supplement, mix 1 serving (18.1 g) thoroughly in 6 oz of water and consume 30 minutes pre-workout on an empty stomach.

Intermediate Bodybuilding Athletes (1-3 yr of resistance exercise performed at least 3 times weekly): As a dietary supplement, mix 1-2 (18.1 g - 36.2 g) servings thoroughly in 8-12 oz of water and consume 30 minutes pre-workout on an empty stomach.

Advanced Bodybuilding Athletes (>3 yr of resistance exercise performed at least 3 times weekly): As a dietary supplement, mix 2 servings (36.2 g) thoroughly in 12 oz of water and consume 30 minutes pre-workout on an empty stomach.

IMPORTANT: If you have a sensitive stomach you may want to take BULLNOX™ with a small amount of food prior to working out.

Feel new BULLNOX™ working with you set by set!
