

A Natural Relief For Inflammatory Disease Sufferers

Serrapeptase (Serratia peptidase) is an enzyme originally isolated from the silkworm. It is now synthesized in Japan where it has been extensively studied for inflammation.

Serrapeptase & Antibiotics

A powerful agent by itself, when teamed with antibiotics, it delivers increased antibiotic to the site of infection.

Speeds Recovery

Use Serrapeptase for sinusitis, edema, Fibrocystic disease, surgery, varicose veins, and arteriosclerosis without side effects. The product of choice to replace harmful NSAIDs.
