DESCRIPTION: PrePLUS (PNV-Ca with 27 mg Fe; 1 mg FA) Tablet is an orally administered prenatal/postnatal prescription folic acid-containing dietary supplement and should be administered under the supervision of a licensed medical practitioner.

DOSAGE AND ADMINISTRATION: Before, during and/or after pregnancy, one tablet daily, with a meal, or as directed by a licensed healthcare practitioner regardless of lactation status.

WARNING: Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. Keep this product out of reach of children. In case of accidental overdose, call a doctor or poison control center immediately.

CAUTION: High levels of folic acid may, especially in older adults, hide signs of Vitamin B-12 deficiency (such as pernicious anemia), a condition that can cause nerve damage.

Store at 15° – 30°C (59° – 86°F). [See USP Controlled Room Temperature.] Protect from light and moisture. Dispense in a tight, light-resistant container. Notice: Contact with moisture may produce surface discoloration or erosion.

Call your licensed medical practitioner about side effects. You may report side effects by calling Virtus at 1-888-848-3593 or 1-800-FDA-1088.

HOW SUPPLIED: Supplied as beige tablet, imprinted "V258" dispensed in bottles of 500 tablets.
