ASHWAGANDHA POWDER

Natural Immune Support and Stress Relief*

Ashwagandha is rapidly becoming one of the most popular Ayurvedic herbs in the West, and for good reason. It is often called "Indian Ginseng" for its ability to reinforce the immune system. It is a potent adaptogen, meaning that it helps the body deal with physical and mental stress more effectively. By helping to support a healthy nervous system, it simultaneously energizes and rejuvenates while relaxing the mind. A teaspoon in warm milk before bed can even help bring about healthier sleep!
