DESCRIPTION: Virt-PN Plus is a prescription prenatal/postnatal multivitamin/mineral dietary supplement with an essential fatty acid and should be administered under the supervision of a licensed medical practitioner. See package insert for complete product information.

DIRECTIONS FOR USE: Before, during, and/or after pregnancy, one softgel daily or as directed by a licensed healthcare practitioner.

CAUTION: Daily ingestion of more than 2 grams per day of omega-3 fatty acids (ALA, EPA, and DHA) as dietary supplements may have antithrombotic effects, and may increase bleeding times. Administration of omega-3 fatty acids, including DHA, should be avoided in patients with inherited or acquired bleeding predisposition, including those taking anticoagulants. See package insert.

WARNING: Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. **KEEP THIS PRODUCT OUT OF REACH OF CHILDREN.** In case of accidental overdose, call a doctor or poison control center immediately.

CAUTION: High levels of folic acid may, especially in older adults, hide signs of vitamin B-12 deficiency (such as pernicious anemia), a condition that can cause nerve damage.

STORAGE: Store at 20° to 25°C (68° to 77°F). Excursions permitted to 15° to 30°C (59° to 86°F). Protect from light and moist air. Dispense in a tight, light-resistant container.

Call your licensed medical practitioner a bout side effects. You may report side effects by calling 1-888-848-3593 or FDA at 1-800-FDA-1088.
