PURE

TURMERIC TEA BAGS

**A Warming Tea
For Anti-Inflammatory Support***

Turmeric is a small herb from the Ginger family, native to Southern India. Its root has been a staple of Eastern medicine for thousands of years because of the strong anti-inflammatory properties Turmeric possesses. Tea made from Turmeric imparts a natural warming sensation and tastes mildly of pepper. Turmeric is naturally caffeine free. Steep in hot water for several minutes in the traditional tea making process. This creates a tea full of beneficial compounds that fight inflammation in the body.
