DESCRIPTION: PreTAB Tablet (PNV-Ca with 29 mg Fe; 1 mg FA) is an orally administered prescription prenatal/postnatal dietary supplement and should be administered under the supervision of a healthcare provider.

DIRECTIONS FOR USE: Before, during and/or after pregnancy, one tablet daily with or without food, or as directed by a healthcare provider regardless of lactation status.

WARNING: Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. Keep this product out of reach of children. In case of accidental overdose, call a doctor or poison control center immediately.

CAUTION: High levels of folic acid may, especially in older adults, hide signs of Vitamin B-12 deficiency (such as pernicious anemia), a condition that can cause nerve damage.

SIDE EFFECTS: See Prescribing Information for details.

Store at 15° to 30°C (59° to 86°F). Protect from light and moisture. Dispense in a tight, light-resistant container. Notice: Contact with moisture may produce surface discoloration or erosion.

Call your licensed medical practitioner about side effects. You may report side effects by calling Virtus at 1-888-848-3593 or FDA at 1-800-FDA-1088.

HOW SUPPLIED: Supplied as oblong, pink tablets, imprinted "V259" dispensed in bottles of 100 tablets.
