WHAT AM I?

I'm a sustainable, vegan omega-3 spray flavored with organic orange. Plant this box and help some bees (it's embedded with non-GMO wildflower seeds)!

WHERE DO I COME FROM?

Most omega-3 products are made from fish oil. Not me! Fish aren't born with omega-3 but get it through their diet (algae). That's why my source of omega-3 is microalgae. Purer than fish oil, free of ocean toxins, and completely vegan. Grown in pure, filtered USA water and made in California!

Suggested Use: Shake well before spraying 12 times into mouth - we suggest 2 round of 6 sprays each. Refrigerate after opening for maximum freshness.
