

DIRECTIONS: Take 1 capsule during the day and 1 at bedtime or as directed by your healthcare practitioner.

Nattokinase, an all-natural fibrinolytic enzyme, is extracted from highly purified Japanese natto, and may support the body's natural clotting and fibrinolytic processes. Researchers have studied nattokinase extensively in human and animal trials. These studies indicate that it may support healthy blood flow as well as aid in successfully breaking down fibrin, a blood clotting protein.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

CAUTION: This product is contraindicated for individuals with a history of bleeding tendency or with conditions associated with bleeding. Use only under the supervision of your healthcare practitioner, especially if taking anticoagulant or blood pressure medications.

CONTAINS NO: Wheat, gluten, corn protein, yeast, dairy products, artificial colors, sweeteners or preservatives.
