AHPA
AMERICAN HERBAL PRODUCTS ASSOCIATION

Belly Mend™ ingredients are traditionally used to support healthy gastrointestinal balance and intestinal integrity while enhancing a healthy gut/brain connection*

The microbial environment of the gastrointestinal tract (GI) is important to our immune system. In a healthy colon, the beneficial bacteria count is up to 100 billion per milliliter. However, in the typical American intestinal tract, that count may be as low as 4 or 5 billion per milliliter. Belly Mend™ supports healthy gut and bowel function.

BIORAY® products are based on Traditional Chinese herbalism, and are well known for being safe and effective. BIORAY® is the yin and yang of healing. Everything we do is about wholeness.

For over 25 years BIORAY Therapeutics™ has been utilized by practitioners around the world as a trusted and natural solution for their patients.
