

DIRECTIONS: Take one or two softgels one to three times daily or as directed by your healthcare practitioner.

Omega 600 USP™ is an ultra-pure natural marine lipid concentrate from Ocean Nutrition Canada, the only supplier of USP (United States Pharmacopoeia) verified fish oil from fish caught in cold, deep-sea waters.

Omega 600 USP™ is molecularly distilled and is independently verified to ensure potency and purity according to the highest world wide standards. The purity assay process includes testing for PCB's heavy metals and pesticides. Also, to assure maximum freshness, the oil is stabilized with vitamin E (as d-alpha tocopherols).

EPA and DHA from fish oil promote cardiovascular health by supporting optimal triglyceride and cholesterol levels and reducing platelet aggregation. Fish oil has also been shown to promote optimal joint function and overall brain and nervous system function. For optimal compliance and absorption, it has been provided in a pleasant smelling enteric-coated softgel.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

CAUTION: Consult with your healthcare practitioner before use. Keep out of reach of children.

STORAGE: Keep tightly closed in a cool, dry place.

CONTAINS NO: Wheat, gluten, shellfish, corn protein, yeast, dairy products, artificial colors, sweeteners or preservatives.
