

100% RAW ORGANIC CACAO POWDER

Raw cacao powder is the purest form of natural chocolate. The Theobroma Cacao tree produces raw beans, which are often roasted, processed, and turned into chocolate and cocoa butter. Our extra-rich, organic cacao powder is made by gently cold-pressing the beans to remove some of the oil and preserve the nutritional value and rich flavor without added sugars or fillers. Cacao is a great source of antioxidants, and has been a staple throughout South America for centuries thanks to the great taste and abundance of nutrients.†
