

100% ORGANIC COCONUT MILK POWDER

The milk of the coconut is an ancient tropical source of hydration and wholesome nutrition, including healthy fats. Our powder comes from fresh, organic coconuts for that delicious island flavor. It easily turns into coconut milk or coconut cream with the simple addition of water. This is a great-tasting, long-lasting alternative to dairy milk, perfect for vegans or those who are lactose-intolerant. It makes a great coffee creamer, and can be used in a favorite dessert recipe that calls for coconut flavor.†
