

Directions: Take three capsules in the evening on an empty stomach or as directed by your healthcare physician.

OsteoV SC™ is an all-natural strontium citrate supplement that is clinically proven to increase bone mineral density when combined with the plant calcium, minerals and bone supporting nutrients found in Numedica's Osteo Vegan™ advanced bone building formula.* Strontium, a trace mineral found in seawater and soil, is a mineral with similar properties to calcium. Research has shown that strontium may play a role in the formation of osteoblasts, new bone forming cells, while at the same time slowing the breakdown of old bone by inhibiting osteoclasts.*

Numedica® has included in this formula the latest in advanced absorption technology, a proprietary blend of AstraGin™ and BioPerine® for maximum effectiveness.* For best results, use with Numedica's advanced bone building formula, Osteo Vegan.*
