

The Healing Power Of The Sea: Omega-3 First is derived from pelagic fish which are harvested from the cold, pristine waters of Norway. **Omega-3 First** is the purest, most potent form of Omega-3 EPA/DHA healthy oil available.

Omega-3 First undergoes an exclusive purification process that removes mercury, heavy metals, environmental pollutants, pesticides and oxidative impurities. While removing impurities, such as lead and PCB's, we selectively concentrate EPA/DHA to provide the highest potency source of biologically active Omega-3 lipids. Research indicates that Omega-3's have been shown to improve cholesterol levels and reduce inflammation as well as other health benefits.*

Recommended Usage: Take 1-2 or more capsules daily with a meal as a dietary supplement or as directed by your healthcare professional.

Omega-3 First can also be taken daily with the **Greens First Wellness Shake** [Mix: **Greens First**® (Original or Berry) together with **Greens First Boost**® (Chocolate or Vanilla)] or the **Healthy Living Shake** [Mix: **Greens First**® & **Dream Protein** (Chocolate or Vanilla)]. These Shakes are a delicious & nutritious "instant breakfast" or an anytime "energy booster" and part of the **Alkalize Now-pH Balance Program**.
