SPARKLING IDEAS

INDEXES

Oxylent's science-backed quality ingredients

APOL has amazing anti-cancer
power!

- Works synergistically with secondary antioxidants such as vitamins C, A & E*
- Natural antioxidant*
- Improves energy and vitality*
- Provides support against every day minor stresses and may give you a boost of energy*

Methyl Folate is the most biologically active form of Folate

- Is a more effective method of folate absorption
- Delivers improved bioavailability*
- Supports healthy brain, mood and memory functions†
- Supports cardiovascular health in both men & women†
- Supports cell growth and DNA methylation*

Amino Acid Chelates often better absorption than common minerals.

- High bioavailability
- Scientifically and clinically tested to be safe, predictable and effective
- TRAACS® testing method to ensure existence of metal amino acid chelate presence
- Provide less degradation to vitamins*

"We are proud to introduce our New Look with the same great formula!"
