

HERBAL. HOLISTIC. HEALTH.™

Golden Black Seed delivers a clinically studied Black Seed & Turmeric blend that supports 4 critical metabolic health goals: helping to maintain cholesterol levels already in the normal range, as well as supporting normal blood sugar levels, body weight and blood pressure.* Sustained use of Black Seed has been shown to support memory, healthy attention span and overall cognition.* Turmeric also supports working memory.* Black Seed has been clinically shown to support healthy mood and alertness, and helps with occasional anxiety and stress.* Together, Black Seed and Turmeric work significantly better than taking each herb on its own (as shown in clinical testing).

Caution: As with any dietary supplement, contact a healthcare professional before use if you have any medical condition or are taking any medication or planning surgery. If you are nursing, pregnant, or considering pregnancy, you should consult your healthcare professional prior to using this product. Discontinue use and contact your healthcare professional if you experience a side effect or an allergic reaction. Supplements are not a substitute for medical therapy. Do not exceed suggested use. **Keep out of reach of children.** Read ingredients carefully and avoid use if known sensitivity to any of the ingredients.

***These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.**
