

Directions: Adults take three capsules daily or as directed by your healthcare practitioner.

Red Yeast Rice is a preparation made from a yeast that is commercially grown on rice grains. The rice and yeast, which is deep red in color, are ground up into a red powder. Red yeast rice has been found to naturally support healthy blood lipid levels.* NuMedica's red yeast rice is citrinin free.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any diseases.

Caution: It has not been confirmed whether red yeast rice inhibits the body's production of CoQ10. Therefore, you may wish to supplement with CoQ10 while taking this product. Do not use if: you are taking prescription drugs; you are allergic to yeast; you have liver problems or a serious infection; you are recovering from major surgery; you drink more than two alcoholic beverages a day; or if you are an organ transplant recipient. Not intended for use by children.

This Formula Meets or Exceeds cGMP Quality Standards.
