

Directions: *Adults:* 1-4 capsules daily with food
Children (8-12 years): 1 capsule daily with food
or as directed by a health care practitioner.

Enzogenol[®] is produced using only pure water extraction. This patented process extracts a balanced blend of exceptionally potent naturally occurring antioxidants from the bark of *Pinus radiata* trees.

Antioxidants are critical to good health because they scavenge and neutralise free radicals which cause damage. Enzogenol[®] helps manage oxidative stress and aids in the maintenance of peripheral circulation.

Enzogenol[®] is a registered trademark of ENZO Nutraceuticals Ltd
