

SUPER MASS GAINER IS FORMULATED FOR ONE THING: MASSIVE GAINS.

staining muscle mass and size can be very challenging, especially when you have a fast metabolism or find it difficult to consume enough calories and protein during the day. Super Mass Gainer is a high-quality mass and size gainer that is loaded with enough protein, BCAAs, calories, and other nutrients to help even the hardest gainers pack on mass and size. Unlike many other mass gainers out there, Super Mass Gainer also tastes delicious and has amazing mixability!

Available in a variety of delicious flavors, Super Mass Gainer is the perfect support for the most intense resistance training goals.

1280 CALORIES

Are calories essential to gaining muscle?
Yes! Especially for those with high metabolism or who find it difficult to eat enough quality calories throughout the day. Calories are essential to gaining and sustaining muscle mass because they power your hard-earned muscle gains from being used as fuel during periods of heavy training.

52 kDa PROTEIN

Advanced Protein Blend. Muscles are composed of protein and it should go without saying that consuming quality protein throughout the day is an important component to achieving your muscle mass goals. Super Mass Gainer contains a blend of high-quality slow and fast-digesting proteins to feed your muscles quickly.

10.9 g BCAAs

INCLUDING LEUCINE

Why Leucine?
Leucine is the BCAA that is important to muscle protein synthesis.
