

DIRECTIONS FOR USE

In order to assess personal tolerance, begin by taking one serving (one capsule) of TheaTrim® with your first meal of the day. If tolerance permits, take an additional serving (one capsule) 4-6 hours after your previous use. Do not exceed four servings per day. Do not use TheaTrim within four hours of bedtime.

WARNING: DO NOT TAKE THEATRIM® IN EXCESS OF ITS RECOMMENDED DOSAGE. TheaTrim® is intended only for healthy adults over 21 and may acutely elevate blood pressure and heart rate. Consult a licensed healthcare practitioner before use. Do not use if you are currently pregnant or nursing, have had or have a family history of heart disease, high blood pressure, stroke or any other disease, or using an MAOI, prescription drug, or over-the-counter drug, particularly for cold and sinus. If you are a competitive athlete and/or subject to drug testing, consult with your sanctioning body prior to use to ensure compliance. Discontinue use immediately if you experience any adverse reactions.

Store in a cool, dry area away from direct sunlight.

60 TRUE SERVINGS

DIETARY SUPPLEMENT WITH TEACRINE®

GO BEYOND CAFFEINE

A product over a year in the making, TheaTrim® is the thermogenic weight loss and mental acuity aid worthy of the Purus Labs® name; a product that blends the stimulatory effects of standard thermogenics with countless ancillary benefits unseen in the current marketplace.

While other companies launched ineffective, overly-caffeinated products, we waited for a revolutionary ingredient that would truly change the game...

INTRODUCING TEACRINE®

TeaCrine® is a patent-pending purine alkaloid found naturally in the leaves of the legendary Chinese Kucha tea and in the fruit of the Brazilian Cupuacu plant. Human studies have reported favorable impact on psychometric indices of energy and anti-fatigue as well as an increased overall sense of well being. As part of TheaTrim's revolutionary InstEnergy™ blend, TeaCrine® synergistically creates a unique psychosensory experience unparalleled among today's thermogenics.
