

EPIQ™ is a line of guaranteed clean, powerful, and effective supplements formulated for elite athletes who demand the highest quality for EPIQ™ performance.

EPIQ™ Guaranteed Supplements are:

- Free of banned substances (WADA)
- Free of artificial colors or dyes
- Free of harmful impurities
- Free of undeclared ingredients
- Developed with scientifically researched key ingredients
- Manufactured according to current Good Manufacturing Practices (cGMP) standards, as is required for all dietary supplements
- Made in the U.S.A. from international and domestic ingredients

EPIQ™ TEST – Powerful Testosterone Amplifier

The powerful formula is designed to work with your body to naturally increase testosterone production for that added edge. Unlike other test products where you have to take 4 to 6 capsules a day, the potent, clean EPIQ™ TEST formula delivers results in just 1 pill a day.▲

What Makes the Formula EPIQ™?

- Delivers a precise dose of boron shown in human clinical research on men to increase free testosterone within the normal range and decrease estrogenic activity in just seven days.▲
- Natural anabolic results without the negative androgenic and estrogen-related side effects – NO PCT.
- Delivers one of the highest concentrated extracts of tribulus available (45% saponins).
- Formulated with other well-known ingredients such as stinging nettle leaf, maca root, fenugreek seed, and beta-sitosterol.
- No cycling on or off required.
- Just 1 pill a day, not 4 to 6 capsules like other testosterone-boosting products.
