Looking for an energy

In great tasting berry flavor Lozenge Supports energy and stamina\*\* Superior B-12

boost\*\*, also try

You live a healthy, active life and fill your days with lots of exciting activities. You try to eat a balanced diet, exercise on a regular basis, and look for supplements that complement your lifestyle. B-complexes, which combine several different B-Vitamins, may be what

At Country Life, we've been helping people live happy, healthy lives since 1971. Try our Coenzyme B-Complex Advanced, with its unique formula of 8 essential B-Vitamins. Feel for yourself why Country Life has been a leader in B-complexes for over 15 years.

At Country Life, integrity is our #1 ingredient. Every product is rigorously tested to ensure it measures up against Country Life's 5 Integrity Standards: 1) authenticity of ingredients; 2) cleanliness of ingredients; 3) freshness of ingredients; 4) consistency of the formula; and 5) accuracy of labeling.

Quatrefolic® is a registered trademark of Gnosis, SpA. Covered by one or more claims of U.S. Patent #7,947,662 CAS# 1181972-37-1.

BioPQQ® is the trademark of MGC (Japan). 05E15NM

From the leader in Vitamin B-complexes, comes Country Life's most advanced "coenzymated" formulation yet. This powerful and revolutionary complex provides essential B-Vitamins in a form the body can use.\*\* This new formula supports increased energy production, nervous system support, and sugar metabolism.\*\*

Coenzyme B-Complex Advanced includes next generation essential B-Vitamins not found in other products:

Country Life is unique to include NADH. NADH is a coenzyme found in all living organisms that supports energy production.\*\* As it is derived from dietary niacin, it is its own true coenzyme.\*\*

Benfotiamine is the next level of Vitamin B-1 that is fat soluble, allowing it to quickly convert in the body. This vitamin supports a healthy nervous system.\*\*

Then comes PQQ, which has been proposed as the next essential B-Vitamin. PQQ has been shown to help increase mitochondria production.\*\* Mitochondria are the power plants inside each cell that produce energy.

And as with all Country Life's Coenzyme B-complexes, this formula contains Methyl Folate. Country Life uses a patented form called Quatrefolic®, a new and improved fourth generation of folate. Folic acid is known to be critical in the maintenance of the nervous system.\*\*
